

Claims 11-16 are patentable for all the reasons argued in Amendment A, fortified by imposition of the water restriction into all the claims.

CONCLUSION

It is respectfully submitted that the applicant has overcome the rejections to remaining claims 11 through 16, by amendment, argument, and evidence of superior and unexpected results submitted previously, and therefore reconsideration and allowance of these claims is now hereby respectfully requested.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "**Version with markings to show changes made.**"

Respectfully Submitted,
